Allowable Subject Matter

1. This action is responding to application papers filed 6/21/2007. Claims 33 - 37 are pending. Claim 33 is independent, and all claims are allowed.
2. **Terminal Disclaimer** filed on 6/21/2007 for *U.S. Patent No. 7,099,912, U.S. Patent No. 7,085,827* have been approved.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

The current prior art discloses an integrated management system with the capability to manage a network management system, a server manager system, and a storage management system. The prior art does not disclose each and every limitation of the claimed invention. Specifically whereby the server management system specifically stores a relationship between the VLAN-IDs, the LPAR-IDs, and the interface IDs, which operates as an interconnecting link between the network management, server management and storage management system.

The dependent claims 34 – 37 further limit the independent claims and are considered allowable on the same basis as the independent claims as well as for the further limitations set forth.

4. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
